PURCHASE ORDERS

Purchase Orders will be accepted only from authorized Diversified Spaces dealers, and must be submitted in writing or electronically. Acceptance of orders is the sole discretion of Diversified Spaces. Delivery is FOB Suring, WI 54174.

Pricing & Payment Terms

Prices are subject to change without notice and Diversified Spaces is not responsible for typographical errors. Quoted prices do not include federal, state, or local taxes. Sales Tax is required for deliveries to Wisconsin and Michigan and will be added to the invoice unless resale certificate applies. Standard payment terms are 1% 10/Net 30 days.

Handling Fee

In some cases, extra fees may apply to your order that are not indicated on the individual pricing pages. Contact your Diversified Spaces Project Manager or Estimating Team for applicable fees.

Any special delivery services, including but not limited to lift gate and inside delivery, will incur up-charges.

Cancellation and Change Policy

Customer is responsible for all costs incurred by Diversified Spaces prior to receipt of any change or cancellation. Orders for custom products may not be canceled.

Returns

Returned Merchandise will not be accepted unless authorized in writing prior to return. Contact our Customer Service Department for a Return Materials Authorization (RMA) number. Standard product returns are subject to a 25% restocking charge, and must be freight prepaid.

Freight Damage

Note: A clear receipt for a shipment that contained damaged merchandise or a shortage relieves the carrier of further responsibility. Check all deliveries for damage, and note any damage or shortage on the delivery receipt.

Merchandise Title passes from Diversified Spaces to the consignee upon delivery to the Carrier. It is the Customer's responsibility to submit a freight claim, including the cost of the shipment, for any damaged merchandise. Customer failure to follow the below instructions may result in added costs to Customer for delivery and replacement for damaged goods.

All Deliveries: Count and thoroughly inspect all items for shipping damage before accepting delivery. If it appears that damage could be possible, insist that the carton be opened and contents inspected by Driver. If damage has occurred, report damage to Diversified Spaces immediately. Recipient has the right to accept partial shipments and refuse the remaining damaged units. Refuse shipments of severely damaged items. If there is a shortage, note the shortage on the delivery receipt.

Motor Freight Deliveries: Inspect the shipment for damage immediately following delivery. Driver must note all damaged cartons or shortages on the Bill of Lading and/or delivery receipt prior to acknowledgment of shipment delivery.

UPS or FedEx Deliveries: Inspect the shipment for damage immediately following delivery. Note all damage on the receipt and have Driver initial acknowledgment of damage before signing receipt. Do not remove any damaged merchandise from the original carton until an inspection has been made or waived by the shipping company.

Product Suitability

Many states and localities have codes and regulations governing sales, construction, installation and/or use of products for certain purposes, which may vary from those in neighboring areas. While Diversified Spaces attempts to assure that its products comply with such codes, it cannot guarantee compliance, and cannot be responsible for how the product is installed or used. Before purchase and use of product, please review the product application, and national and local codes and regulations, and be sure that the product, installation and use are in compliance with all applicable codes.

OSHA Hazardous Substance & California Prop 65 Product Information

Material Safety Data Sheets (MSDS) for OSHA defined hazardous substances and a list of products known to the State of California to cause cancer or reproductive harm are available. For details, contact:

Diversified Spaces
300 Krueger Street
Suring, WI, 54174
Phone 877-842-5420
Fax 920-842-5420

The information and recommendations contained on the MSDS supplied by the manufacturer is considered to be accurate and reliable. However, Diversified Spaces makes no warranty with respect to the accuracy or reliability of the information or the suitability of the recommendations.

WELDING FIXTURE TABLE

COMPONENTS	BASE	Tubular cross-bracing between legs for enhanced stability
	TOP	¾" A572-50 American-processed steel; Well known for durability and strength; Full surface has 2" laser-etched grid lines; Corners include 30, 45, & 90 degree laser etched guides for accuracy in set up
	FEET	Leveling feet standard or premium heavy duty suspension, non-marking wheel casters; Four legged tables come with 2 fixed casters and 2 swiveling/locking casters placed on the handle end; Six legged fixture tables come with 4 swiveling locking casters and 2 fixed casters; Fixed casters are on the center pair of legs and a swivel/locking caster at each corner; Casters do not change overall height
	STORAGE	2-½" square 14-gauge steel with laser-cut holes for accessory mounting, perfect for 16 mm tools; Cross-bracing design accommodates the addition of a lower shelf, providing convenient storage for welding equipment, tools or materials unnoticed
	OPTIONS	Shelf, handle or 16ga metal suspended pullout drawer with 10ga full outer metal cabinet, powder coated black; Choose 1, 2 or 3 drawers

PROTOCOL FUME HOOD CABINET

COMPONENTS	BASE	Solid oak hardwood or light hardwood and veneers with a UV finish
	STORAGE	Two drawers (two pull-out lipped shelves lined with chemical-resistant liner)
	FUME HOOD	Ductless unit enclosed by $\frac{1}{16}$ " chemical resistant acrylic; Structured with corrosion resistant electro-galvanized steel coated with anti-acid polymer; Comes standard with LED lighting > 650 Lux mounted internal light fixture.
	ELECTRIC	Does not require ducting (saves energy) and plugs into ordinary outlet
	SMART TECHNOLOGY™	Features smart-light communication – soft band of light to let you know unit is operating safely and will pulse for compromised airflow, fan failure or when it's time to change filters; Includes chemical sensors, real-time status and eGuard app
	FILTER	Includes one all-inclusive filter (2-year average life) that handles liquids, gases and solid chemicals; Filter type determined by results of Valiquest Chemical Questionnaire*
	OTHER FEATURES	Air flow meter, flow monitor, sampling port, programmable timer, energy ports and list of approved chemicals
	FEET	4" casters
	OVERALL DIMENSIONS	1800: 35 $\frac{1}{8}$ "W x 29"D x 79 $\frac{1}{2}$ "H - 86 $\frac{3}{8}$ "H; Internal hood dimensions: 30 $\frac{1}{8}$ "W x 23"D x 32"H; External hood dimensions: 30 $\frac{3}{4}$ "W x 24 $\frac{3}{8}$ "D x 43 $\frac{3}{4}$ "H - 50 $\frac{5}{8}$ "H 1850: 43 $\frac{1}{2}$ "W x 34"D x 88 $\frac{1}{2}$ "H - 95 $\frac{3}{8}$ H**; Internal hood dimensions: 39"W x 28 $\frac{1}{8}$ "D x 41 $\frac{1}{8}$ "H; External hood dimensions: 39 $\frac{5}{8}$ "W x 29 $\frac{1}{2}$ "D x 52 $\frac{3}{4}$ "H - 59 $\frac{5}{8}$ "H**

ACCESSORIES

LAB HAND

Designed to provide a safe, convenient surface for laptop, tablets or books in a laboratory setting. The Lab Hand is mounted on a solid plastic rod which fits securely into standard rod sockets. The platform is made of powder coated steel to create a surface that will withstand the typical chemicals found in today's laboratories. The Lab Hand holds laptops and books off the worksurface protecting them from spills and increasing the amount of work space available. Unit has 12" square platform with 5 1/2" rod for mounting.

100002

GAS COCKS

Fittings have a ground key valve for long life; Units are complete with nipple, lock nut and washer for installation and are deck-mounted.

100048

ITEM

PRODUCT

100047	Single Gas Cock
100048	Double Gas Cock at 90°
100049	Double Gas Cock at 180°
100466	Four Gas Cock

GOOSENECK FAUCET

Chrome-plated brass, deck-mounted faucets with multi-service fixture that includes cold water and two gas cocks;
Mounting hardware provided.

ITEM #	PRODUCT
100074-BKR	Multi-Service Fixture (18"H)
100051	Cold Water Faucet (12 3/4"H)
100061	Hot Water Faucet (12 3/4"H)
100467	Mixing Faucet (12 1/4"H)

100074-BKR

HAND PUMP

Piston action mechanism for high water flow action and long term prime lock. It's unaffected by water deposits which reduce the ability of other types of hand pumps to hold prime. Chrome base and spout. NSF Approved.

ITEM #	PRODUCT
100013	Chrome Hand Pump

100013

WATER JUGS

Plastic jugs utilized in our mobile units.

ITEM #	PRODUCT
100118	2 1/2 Gallon Jug (Kinetic Demo Stations)
256312	5 Gallon Jug (WSP Models)
251695	5 Gallon Potable Water Jug (HWS Models)
251696	6 Gallon Waste Water Jug (HWS Models)

100118

TOE KICK ACCESSORIES

Pair the rubber base molding with the stainless steel corners to complete your cabinet install. Rubber base molding must be glued to the toe kick and corners are fastened in place with supplied screws. Molding sold by the foot and corners sold in sets of two with screws.

ITEM #	PRODUCT
100283	Rubber Base Molding (Sold per foot)
206513	Two Metal Corners w/screws

TABLE LEG REPLACEMENTS, BOOTS AND BRACKETS

ITEM #	DESCRIPTION
L3030	30"H Oak Legs, (in qty of 4 or 1)
L3034	34"H Oak Legs, (in qty of 4 or 1)
L3036	36"H Oak Legs, (in qty of 4 or 1)
L3030MP	30"H Light Hardwood Legs, (in qty of 4 or 1)
L3034MP	34"H Light Hardwood Legs, (in qty of 4 or 1)
L3036MP	36"H Light Hardwood Legs, (in qty of 4 or 1)
100076X4	Leg Boots (Qty: 4)

POWER OUTLET WITH CLAMP & USB HUB

The new Clamp Mount Outlet & USB Charger will add instant convenient AC power and USB charging accessibility to your worksurface. Keep your laptops, tablets, tools or other mobile computing devices charged and ready to go at your table, workbench or anywhere else power access is needed. Fits on worksurfaces from $\frac{3}{4}$ " to 2" thick.

ITEM #	PRODUCT	SIZE
251975	Clamp Outlet/USB Hub	5 $\frac{1}{4}$ "H x 7 $\frac{1}{4}$ "W x 3"D

HEAVY-DUTY VISE

Solid steel dog in the front jaw, when used in conjunction with a bench stop, allows oversize work to be held securely on the bench top. Construction: Machined, toed-in jaws provide a solid grip; Steel, no-pinch handles provide adequate clamping pressure

Jaws: Front and back jaws are drilled and countersunk to allow installation of optional wood facing

Fitment: Easily fits butcher block tops or ShopTop® 2 $\frac{1}{4}$ " thick

Installation: Template included

ITEM #	PRODUCT
234708	Heavy Duty Vise

BENCH VISE

Sturdy 4 $\frac{1}{2}$ " swivel base vise is ideal for the Robotics Bench.

Construction: Made of cast iron with steel vise jaws, threaded spindle assembly and a chrome lock down

Adjustable: Can be rotated up to 240° on its base

Jaws: Built-in pipe jaws allow holding small pipes and tubes ranging in diameter from 0.6"D to 1.85"D

Color: Powder-coated royal blue

Installation: Template included

ITEM #	PRODUCT
251909	Bench Vise

MAGNETIC TOOL HOLDER

Magnetic Tool Holder can be used to organize hammers, wrenches, screwdrivers and more. This is perfect for use with your tools on the Vex Robotics Bench. Has durable black powder coating. Magnet is 13"W x 1"D x 1"H and made of powder-coated steel.

ITEM #	PRODUCT
251913	Magnetic Tool Holder

SAFETY GLASSES & GOGGLES

Glasses: Durable planos feature fold-out conturing side shields for maximum eye protection. Arms are extended for maximum fit and comfort dual clear polycarbonate lenses.

Goggles: Indirect vents protect against liquids, dust and smoke while permitting indirect ventilation. UV absorbing polycarbonate lenses are Anti-Fog. The high quality green tinted flexible PVC body ensures a proper fit and fits over most prescription glasses. Adjustable 18" (45.72 cm) green elastic headband. Our safety goggles have durable planos featuring adjustable temples, universal-fit nose bridges and flat-fold side shields.

DESIGN SERVICES

We have the experience and flexibility to do high volume projects while our engineering software and project planning tools allows us to be competitive on even the smallest jobs. We specialize in customized solutions using the most current design software and we can turn requests into products quickly to meet your delivery schedule. We have an in-house design and draft team dedicated for our Design Services.

SCIENCE WORK SURFACE GUIDE

Not all surfaces are created equal! Our enemy? Spilled chemicals and heat. Chemistry labs need worksurfaces that can withstand the chemicals and possible heat exposure used in experiments. Review the table information below to determine which worksurface is best for your lab.

APPLICATIONS

	EPOXY	PHENOLIC	CHEMGUARD
Recommended Application	Fixed environments with gas fixtures	Acceptable alternative for tables	Acceptable alternative for tables
NSTA High School Recommendations	Yes	Yes	No
DWI Middle School Recommendations	Yes	"Yes (where only low temperatures are used and without gas fixtures)"	"Yes (where milder chemicals are used)"

WORKSURFACES

	EPOXY	PHENOLIC	CHEMGUARD
Chemical Resistance	Excellent	Excellent	Excellent
Abrasive Resistance	Good	Very Good	Very Good
Heat Resistance	Excellent	Very Good	Fair
Cold Resistance	Good	Excellent	Fair
Moisture Resistance	Excellent	Excellent	Good
Impact Resistance	Fair	Good	Very Good
Bacterial Resistance	Excellent	Excellent	Poor
Non-conductivity	Excellent	Excellent	Fair

WORK SURFACE BREAKDOWN

LAMINATE WITH THICK EDGE BAND (L)

Core Material	Industrial-grade particle board with high-pressure laminate (HPL) on top, resin backer sheet on bottom
Top Color	Six color options: black, charcoal, almond, white, natural maple and erasable
Edge Band Color	11 color options: black, charcoal, almond, white, natural maple, carrot, lime, aqua, red, peacock and royal
Edge	Thick edge band with radius corners
Thickness	1 1/4"

CHEMGUARD (2)

Core Material	Industrial-grade particle board with chemical-resistant (CR) high-pressure laminate (HPL) on top, resin backer sheet on bottom
Top Color	Black
Edge Band Color	11 color options: black, charcoal, almond, white, natural maple, carrot, lime, aqua, red, peacock and royal
Edge	Thick edge band with square corners
Thickness	1 1/4"

PHENOLIC RESIN(4)

Core Material	Solid phenolic compact, standard resistant-grade pigmented resin core with electron-beam cured surface
Finish	Black, matte finish
Edge	No edge, solid top with square corners, 1/8" bevel on exposed edges and corners
Thickness	3/4"

EPOXY RESIN (6)

Core Material	Monolithic compounded mixture of modified epoxy resin
Finish	Black, matte finish
Edge	No edge, solid top with square corners, 1/8" bevel on exposed edges and corners
Thickness	1"

MAPLE BUTCHER BLOCK (5)

Core Material	Solid hard maple top consisting of face-glued hardwood strips
Finish	Clear varnique finish—two coats on the top, one coat on the bottom
Edge	Solid edge with 1/8" radius on top, bottom and corner edges
Thickness	1 3/4" or 2 1/4"

WALNUT BUTCHER BLOCK (W)

Core Material	Solid hard walnut top consisting of face-glued hardwood strips
Finish	Clear varnique finish—two coats on the top, one coat on the bottom
Edge	Solid edge with 1/8" radius on top, bottom and corner edges
Thickness	1 3/4"

SHOPTOP® (7)

Core Material	Composite of medium density fiberboard (MDF) sandwiched between two pieces of 1/2" particle board
Surface materials	1/2" industrial-grade particle board (Top & Bottom)
Finish	Particle board, sealed and finished with a clear chemical-resistant, earth-friendly UV finish—two coats on the top, one coat on the bottom
Edge	3/8" radius on top edge
Thickness	1 1/2"

WARRANTY

Warranty Promise

Diversified Spaces promises to repair or replace any Diversified Spaces brand product or component that is defective in material or workmanship under normal use for as long as the Original Purchaser owns it. This is the sole and exclusive remedy for Diversified Spaces products to be found defective. This warranty applies to Diversified Spaces products from the date of delivery to the Original Purchaser and is non-transferable. This Warranty is subject to limitations, exclusions or other provisions detailed below. Original Purchaser implies the final purchasing entity acquiring the product from a Diversified Spaces Authorized Dealer for the purchaser's use and not for resale, remarketing or distribution.

Limited Lifetime Warranty Terms

Limited Lifetime Warranty – Diversified Spaces warrants that its products shall be free of material defect and/or faulty workmanship from the date of delivery. This warranty is subject to the limitations and exclusions indicated below

12 Year Warranty – Diversified Spaces warrants that its laminate tops, butcher block tops, phenolic tops, epoxy tops, stainless steel tops, high wear, and moveable parts (ie: casters, glides, etc.) shall be free of substantial defects in original material and workmanship for twelve (12) years from the date of delivery.

1 Year Warranty – Diversified Spaces warrants that all wood veneer, electrical components, and dry erase markerboard surfaces are free of substantial defects in original materials and workmanship for one (1) year from the date of delivery.

6 Month Warranty – Diversified Spaces warrants that all hand sanitizers and dispensers are free of substantial defects in original materials and workmanship for six months from the date of delivery.

Warranty Exclusions and Limitations

Exclusions – This warranty is considered null and void by the following:

- Abnormal defects caused by abuse or unruly use, modification, or alteration of product
- Any damage caused in transit by the carrier (Contact Diversified Spaces Customer Service to address carrier damage.)
- Ordinary wear and tear (including but not limited to: scratching of laminate, phenolic, epoxy and butcher block tops; ghosting on dry-erase markerboard; chips caused by the moving of epoxy tops)
- Products installed, used, or maintained without adherence to product specifications, assembly instructions or Diversified Spaces' recommendations and warnings
- Product exposure to water or dense humidity

Caution is advised when abutting epoxy surfaces, as chipping and cracking may occur when an epoxy edge is bumped into another. Chipping and cracking caused by bumping of epoxy surfaces is not covered under the Diversified Spaces Warranty.

Warranty Limitations

This warranty is provided only to the initial purchaser, is non-transferable and is valid strictly for as long as the product is owned by the original purchaser. To be protected under this warranty, all products must be stored in areas of controlled temperature and humidity, and periodic regular scheduled maintenance must be performed. See separate Care and Maintenance documents for further detail.

Any incidental or consequential damages, including but not limited to business losses, personal property damage, and third-party liabilities are hereby expressly excluded.

Diversified Spaces shall repair or replace, at its discretion, any portion of the product which proves to be defective under the terms of this warranty. Diversified Spaces may elect to substitute a reasonably comparable product, or a cash refund of the original purchase price (less reasonable depreciation) in the event the original warranted product is no longer manufactured at the time the warranty is exercised. Liability is limited to replacement parts and labor.

Freight and installation costs are excluded from Warranty consideration and are the sole responsibility of the Purchaser.

Diversified Spaces products are not recommended or warranted for outdoor use.

Some natural color variations occurring in wood, veneer, plastics, laminates, paints, or other natural materials are inherent to their character and cannot be avoided, and Diversified Spaces does not consider these variations to be defects. Colorfastness and variation of colors, grains or textures of such materials are not warranted. There are no implied warranties of fitness or merchantability, and there are no other warranties beyond the warranties expressed here.
